

BOA Congress 2021 - Theme 'Tackling Infection'

NJR Report Launch & Session - Conference Suite 2A
Tuesday 21st September 2021 - 14:15 - 15:45

The Impact of COVID-19 - Tackling Infection

The National Joint Registry Session will address the vast impact of COVID-19 on volume of orthopaedic surgery procedures during 2020, with specific focus on an analysis of the volume data and what recovery for the sector might involve, as well as its impact on growing waiting lists -with some personal patient perspectives on uncertainty, ongoing pain and experience of surgery during the pandemic.

The second part of the session will focus on the Congress theme: 'Tackling Infection', including a presentation on work using NJR data.

Session Agenda:

- 14:15 *Welcome and Introduction to the NJR Session and Launch of NJR Annual Report***
